Assignment 1

Documentation

The screenshot shows a dark-themed website. At the top left is a small profile picture of a man. To its right, the name "Kevin Kirchknopf" is displayed, with "Kevin" in a smaller font above "Kirchknopf". To the right of the name is a horizontal menu bar with four items: "Home", "About", "CV", and "Gallery". Below the menu, the page title "About Me" is centered in a large, bold, black font. Underneath the title, there is a block of text about Batman's origin and history. At the bottom of the page, there is a note about the creation of Batman.

About Me

Batman(b) is a superhero who appears in American comic books published by DC Comics. Batman was created by artist Bob Kane and writer Bill Finger, and debuted in the 27th issue of the comic book *Detective Comics* on March 30, 1939. In the DC Universe, Batman is the alias of Bruce Wayne, a wealthy American playboy, philanthropist, and industrialist who resides in the fictional Gotham City. His origin story features him swearing vengeance against criminals after witnessing the murder of his parents, Thomas and Martha, as a child, a vendetta tempered by the ideal of justice. He trains himself physically and intellectually, crafts a bat-inspired persona, and monitors the Gotham streets at night. Kane, Finger, and other creators accompanied Batman with supporting characters, including his sidekicks Robin and Batgirl; allies Alfred Pennyworth and James Gordon; love interest and occasional adversary Catwoman; as well as foes such as the Penguin, Poison Ivy, the Riddler, Two-Face, and his archenemy, the Joker.

Kane conceived Batman in early 1939 to capitalize on the popularity of Superman; although Kane frequently claimed sole creation credit, Finger substantially developed the concept from a generic superhero into something

About page

- THE ABOUT ME PAGE IS CONSISTS OF A HEADER AND A FEW PARAGRAPH.
- THE TEXT IS ALIGNED WITH THE SITES DESIGN AND IMPROVED READABILITY, LIKE CHANGED FONT AND LINE HEIGHT.

Assignment 1

Documentation

The screenshot shows a CV page with the following structure:

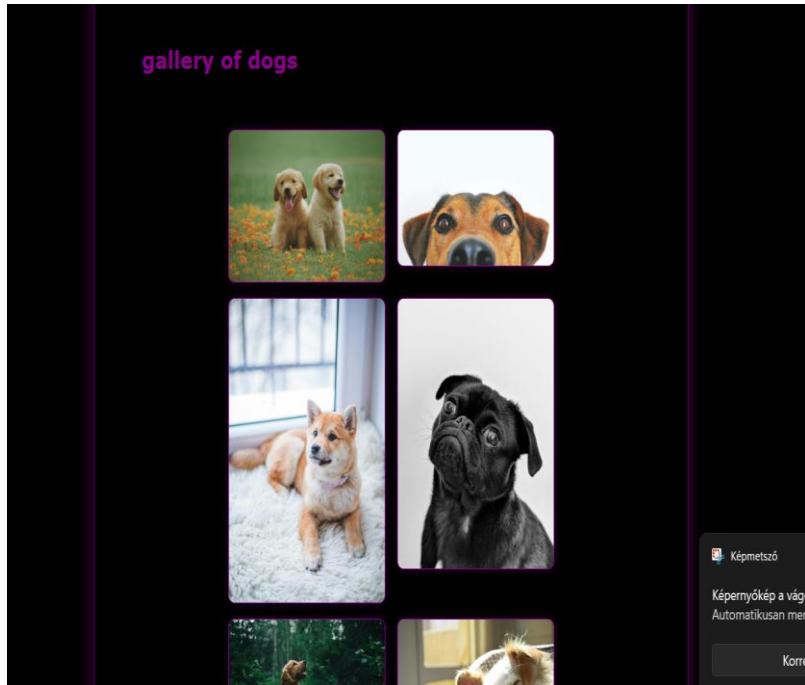

- Kirchknopf** (Header)
- Kevin Kirchknopf** (Name)
- Student** (Role)
- Email: kirkevin220@gmail.com
- Location: Austria
- Education**
 - IMC University of Applied Sciences Krems
 - Soproni SZC Vas- és Villamosipari Technikum - Vocational Qualification in Software Development and Testing
 - Ágafalvi Váci Mihály Általános Iskola
- Work experiences**
 - AC Staff Stagehand
- Qualifications and skills.**
 - Frontend and backend developer

CV PAGE

- The cv page is structured using `<section>` and `<div>`
- The header uses `display:flex` css property to align the image and the text
- the photo uses border radius 50% to give a circular shape
- The sections have a border bottom property to separate them.

Assignment 1

Documentation

Gallery

- The gallery page uses a `<div class="gallery">` container that holds multiple images.
- The layout is made with the `display: flex` property and `flex-wrap: wrap` to arrange the images.
- Each image has rounded corners (`border-radius: 8px`) and a magenta border.
- The gallery adjusts automatically on smaller screens using media queries.

Assignment 1

Documentation

A screenshot of a contact page form. The form is contained within a dark rectangular container. It includes fields for Name (with placeholder "name"), Email (with placeholder "email"), and Intentions (with placeholder "ur message"). A large purple "Send Message" button is at the bottom. At the very bottom left, there is small text that reads "Made by Kevin Kirchknopf, 11.2025".

Send Message

Made by Kevin Kirchknopf, 11.2025

Contact page

rounded corners.

- The contact page includes a `<form>` element with input fields for name, email, and intentions.
- The form uses the `display: flex` and `flex-direction` to align elements vertically.
- Input fields and the textarea are styled with padding, borders, and rounded corners.
- The layout remains centered inside the main container and fits within the site's theme.
- On mobile, the form automatically adjusts its width and spacing through media queries for better usability.
